MINT JULEP

EARLY 1800'S

Derived from the Persian “julab” drinking tonic, the Mint Julep appeared in the American South in the 1700s and early 19th century. Originally medicinal, it used brandy or rum, sugar, and mint. Bourbon became its base after whiskey production rose post-1790s. It gained fame at the Kentucky Derby (official drink since 1938), blending Southern tradition with refreshing elegance.

GIMLET

EARLY 1800'S

The Gimlet evolved in the 1800s as British naval officers mixed gin and lime cordial to prevent scurvy. By the early 20th century it gained fame through Harry Craddock's 1930 Savoy Cocktail Book, standardizing recipes with Rose's. Its crisp, botanical-lime character became literary legend when Raymond Chandler called it “half gin and half Rose's.”

BRANDY CRUSTA

MID 1800'S

The Brandy Crusta, created by Joseph Santini in New Orleans during the mid-19th century, revolutionized cocktail aesthetics and technique. Known for its distinctive sugared rim and elaborate garnish, it was one of the first cocktails to emphasize presentation alongside flavor. This citrus-forward drink, made with brandy, lemon juice, curaçao, maraschino, and bitters, introduced the concept of balance and complexity that became a hallmark of modern mixology. The Crusta not only inspired iconic creations like the Sidecar and Margarita but also marked an important shift toward more refined, visually striking cocktails, solidifying its place as a milestone in cocktail history.

SOUR

MID 1800'S

The Sour is a cornerstone of mixology, defined by its perfect balance of spirit, citrus, and sweetener. Originating in the mid-19th century, it laid the groundwork for countless classic and modern cocktails. While the Brandy Sour once dominated this category, the Whiskey Sour eventually emerged as the definitive version, surviving Prohibition and remaining a favorite to this day. Its versatility allows for endless variations, from the addition of egg white for a silky texture to creative spins using flavored syrups or alternative spirits. The Sour's enduring appeal lies in its adaptability, simplicity, and timeless balance of flavors.

BLOODY MARY

EARLY 1900'S

The story behind this is a bloody mess. First comes the Oyster Cocktail and Tomato Juice Cocktail, both nonalcoholic, which were used as medicine for people with suicidal thoughts. They originated the production of spiced tomato juice influencing the American and European palate. George Jessel invented and named the half-half Bloody Mary around 1934, being the first recorded recipe from 1939. But it was Pete Petiot who perfected it and pioneered the savory category of cocktails.
